N.W.C ALL-CONFERENCE GOLF TEAMS ANNOUNCED

Crestview High School senior, Jamin Rager, is the 2008 Northwest Conference Player of The Year in golf. Unlike other sports where coaches vote on athletes for all-conference honors, the NWC uses a point system during regular season matches to rank players for post-season awards. Coach Tom Bader of three-time defending champion LCC was voted by his peers as 2008 NWC Coach of The Year.

Listed below are the players who earned all-conference awards this year, as well as the regular season conference records and final NWC standings. The final standings are an equally weighted combination of points for regular season finish, and finish in the NWC tournament.
